## 2024 WORLD HANDICAP SYSTEM

Three key changes coming in 2024:

1. Course Rating and Shorter Courses
2. 10-17-Hole Scores
3. 9-Hole Scores

Here is an example of how a 9-hole score is converted into an 18-hole score differential:

Hole	1	2	3	4	5	6	7	8	9	OUT
Yardage	393	133	375	490	333	378	155	416	357	3030
Par	4	3	4	5	4	4	3	4	4	35
Stroke Index	5	1	9	1	11	7	15	3	13	
Player A	4	4	5	6	5	5	4	5	3	41

9-hole Score Differential: 7.2

Expected 9-hole Score Differential (for 14.0 Handicap Index player) = 18-hole Score Differential: 15.7

Here is an example of how an 18-hole score differential is calculated after a player stopped play after 14 holes:

Hole	1	2	3	4	5	6	7	8	9	OUT	10	11	12	13	14	15	16	17	18	IN
Yardage	393	133	375	490	333	378	155	416	357	3030	341	152	360	131	471	323	314	375	340	2807
Par	4	3	4	5	4	4	3	4	4	35	4	3	4	3	5	4	4	4	4	35
Stroke Index	5	17	9	1	11	7	15	3	13		8	16	6	18	2	10	14	4	12	
Player A	4	4	5	6	5	5	4	5	3	41	4	4	6	4	5	-	-	-	-	23

14-hole Score Differential: 6.4

4-hole Expected Score Differential = 18-hole Score Differential

For more information please check out this link from Central Links Golf -> <https://centrallinksgolf.org/whs-education/>

**Reminder: Continue to play & post scores through December 31, 2023. Score posting resumes on March 1, 2024.**

## December Birthday

## Important Announcement

BWGL rest for winter, no snow golfing

Please submit any BWGL related request to [bwglwichitaks@gmail.com](mailto:bwglwichitaks@gmail.com) or scan the QR code.
